

THE PROGRAMME REJECTED

The House Ignores the Committee on Rules.

THE HOUSE CURRENCY BILL.

Time Settled Upon for Debate and Amendments. In the Senate. Mr. Carlisle's Message on the Revenue is Read. A Surplus.

By Southern Associated Press.

WASHINGTON, February 4.—HOUSE.—The week opened with a refusal on the part of the House to accept the programme of business outlined for it by the Rules Committee.

In the morning hour the conference report on the Army Appropriation bill was agreed to, and bills were passed granting the right of way through the Indian Territory to the Arkansas and Northwestern Railroad Company, and providing justices of the peace for the Territory of Alaska.

The conference report on the Fortifications Appropriation bill was presented showing that the conferees had agreed upon all differences except the amendment of the Senate providing that a contract for fifty breech-loading mortars shall be entered into, to cost not more than \$6,500 each. This amendment was disagreed to. The report was adopted and a further conference requested on this item.

The Legislative Executive and Judicial Appropriation bill was reported from the Appropriations Committee. It is a total of \$21,865,526, being an increase over the appropriations for the current year of \$437,907.

Mr. Catlings reported an order from the Rules Committee allotting the day to the consideration of an omnibus claim bill providing for the settlement of claims amounting to \$718,663. The claims were for certain stores and supplies reported by the Court of Claims under the act of 1883, known as the "Bowman Act."

Before the question was ordered on the rule, Mr. Mahon (Rep.), of Pennsylvania, made the point of order that the Rules Committee had no jurisdiction over the bill, as it was still before the War Claims Committee and had never been reported to the House. The opponents of the bill characterized the attempt to bring it before the House as a gross violation of all rules and precedents, holding that if the Rules Committee had power to do so the various committees of the House might just as well be abolished.

The point of order was discussed for an hour, after which the Speaker overruled the point of order. In this rule he referred to the jurisdiction of the Rules Committee and said that the order was simply one to discharge a committee of the House from consideration of the subject matter. It was no new departure, as the sugar, iron ore and coal bills had been acted upon under such an order.

The previous question by ordered after which it was defeated by a vote of 145 to 95.

Mr. Onthwaite then presented the Rules Committee assigning Tuesday, Wednesday and Thursday of this week for the consideration of the Administration Currency bill. It provides that amendments and substitutes may be offered, the previous question on the bill and all pending amendments to be considered and ordered at 3:30 o'clock Thursday afternoon. Tuesday and Wednesday till 2 o'clock is to be devoted to general debate and the remainder of the time to be under the five minute rule.

The Agricultural Appropriation bill was taken up, and after being discussed for two hours was passed. It carries a total appropriation of \$1,277,150.

The Hawaiian correspondence called for in the resolution of the House on the 1st inst, was laid before the House and ordered to be printed.

By unanimous consent the hour of meeting on Tuesday, Wednesday and Thursday of this week, when the Currency bill comes up, was fixed for 11 o'clock.

At 5:25 the House adjourned.

SENATE.—The Vice-President laid before the Senate a communication from the Secretary of Treasury stating, in reply to a resolution of inquiry, that "it is believed that for the twelve months ending December 31, 1894, the revenues of the Government from all sources will exceed ordinary expenses by \$22,503,000."

Mr. Vilas reported from the Judiciary Committee a bill to permit Associate Justice Jackson, of the Supreme Court, to retire, and asked for its immediate consideration, but objection was made by Mr. Aldrich and the bill went over for the present.

At 1:40 the consideration of the District of Columbia Appropriation bill was begun.

The expected debate on the finan-

cial question did not materialize, as Mr. Gorman desired all the time that could be spared to be given to the District Appropriation bill. That bill did occupy the whole of the session up to 6 o'clock, but did not reach a final vote. The District Appropriation bill went over without action till to-morrow.

The status of the other general appropriation bills is as follows: In conference, Penions, Fortifications and Army; in Committee on Appropriations, Indian and Sundry Civil; reported and awaiting action, Diplomatic and Consular, Postoffice; passed both houses and became law, Military Academy bill.

The Senate, at 6:10 p. m., adjourned.

AMUSEMENTS.

MARIE WAINWRIGHT. — There should be a large and fashionable audience at Academy on Thursday, February 7th, to greet the charming actress, Marie Wainwright, in the brilliant and successful society drama, "Daughters of Eve," by A. E. Laurence and Julian Maginn. This piece has won the most marked success of any new drama of the present season. Marie Wainwright will remain two nights, presenting on Friday Irem Taylor's famous comedy drama, "An Unequal Match," one of the best of modern English plays.

It is evident from numerous inquiries that the box office will have a rush at its windows when it opens for the sale of seats. Reserved seats will be only \$1; admission, 25c, 50c and 75c.

"A TEXAS STEER."—A large audience assembled at the Academy of Music last night to witness the presentation of "A Texas Steer" by a very capable company, at the head of which was Mr. George Woodward as Col. Brander, the Congressman, and Miss Alice Evans as Bessy. The play was well staged and well presented, the performances being appreciated throughout. "A Texas Steer" will be repeated this evening and none should fail to see it.

ELKS' BENEFIT.—The annual benefit of Norfolk Lodge No. 38, B. P. O. E., to be held at the Academy of Music on the 20th inst., promises to be the biggest affair of the kind ever given by the lodge. The special attraction will be the comedienne and vocalist, Miss Fanny Rice, who will appear in her latest success, "Nauey," and the story of the play shows it to be a refreshing novelty in the musical comedy line.

The Court of Law and Chancery was occupied yesterday with the consideration of a suit for \$2,000 damages brought by Thomas A. Dalton against McCleary & McClellan for injuries sustained by being run over on Plum street on the 9th of January, 1894, by one of the defendant's horses.

The jury after being out for an hour reported that they could not agree. They were therefore adjourned.

REVOKING THE FRANCHISE.

Brooklyn's Aldermen Would Repeal the Trolley Licenses.

A FEEBLE DEMONSTRATION.

Master Workman Connelly's Exhibit of Strikers Failed Numerically. No Change in the General Situation. Alternative Mandamus.

By Southern Associated Press.

BROOKLYN, February 4.—The Board of Aldermen have passed the resolution revoking the franchises and licenses of the railroad companies by a vote of 10 to 8. The chairman voted in the negative. One member warned the body that their action was illegal.

Barely 2,000 people assembled in front of the city this afternoon and the demonstration planned by the strikers to overawe the civic authorities was a failure, at least so far as force of numbers was concerned. Masterworkman Connelly had announced that 20,000 people would certainly be present and perhaps double that number.

Mayor Schuren at the eleventh hour decided that his proclamation of two weeks ago, ordering citizens to refrain from congregating on the streets or squares of the city, is still in force, and under directions from him the police cleared City Hall square of the crowd which assembled in response to the order of Connelly and others of the Executive Committee of the strikers. The men are highly indignant at the authorities refusing them the time-honored right to assemble for the purpose of petition and prayer for relief from unjust usages.

The action of the Board of Aldermen, even if it escapes the mayor's veto, which is not likely, is not expected to have a serious effect on the companies. The power of the Board of Aldermen to summarily revoke rights granted common carriers is questioned, and the aldermen themselves are somewhat lazy as to how they can hope to enforce their action. Should the proceedings before the Attorney General in Albany result in the forfeiture of the company's charter, the action of the Common Council to day would become operative, but otherwise it will have little effect.

Aside from the gathering at the City Hall there was no change in the strike situation. Two or three assaults upon motormen and conductors were reported and several collisions between trolley cars and trucks occurred. One motorman was sent to the hospital with a scalp wound, inflicted by strikers, and the police furnished the surgeons with two cases for scalp treatment.

The February grand jury was sworn in and charged to see to it that whoever has trampled upon the law be brought to justice.

Justice Gaynor granted a writ of alternative mandamus to-day against the Atlantic Avenue Company. A peremptory writ was applied for last Friday. The company will have twenty days to answer.

Bomb Thrown at Robbers.

By Southern Associated Press.

FREMONT, O., February 4.—Five masked men entered the town of Milan last night and at 1 o'clock this morning blew open the vault in the Lockwood Bank. The explosion was so great that it wrecked the building in which the bank was located, and awakened the entire population. The citizens poured into the streets in time to see the thieves drive off in a buggy toward Sandusky. They took some \$15,000 in cash and \$5,000 in bonds.

SANDUSKY, O., February 4.—The police have arrested two men on the charge of being implicated in the robbery of the Milan bank this morning.

Obstruction to Navigation.

By Southern Associated Press.

BALTIMORE, January 4.—Not in years has the ice in the harbor, river and bay been so troublesome as at present, and the cold wave, which reached here to-day, is likely to increase the obstruction to navigation. Ice all the way from one to six inches thick is plentiful from Fort Carroll to Sandy Point, and a number of vessels ready for sea are still in port, unable to get out.

By Southern Associated Press.

WASHINGTON, January 4.—At a meeting of National Encampment No. 69, Union Veterans' Legion, to-day, another resolution was introduced by Comrade Wm. Howard Miles and unanimously adopted, as follows:

"That, to perpetuate the three great principles of our order, 'fraternity, charity and patriotism,' and promote the interests of humanity, Encampment No. 69, U. V. L., extends the right hand of fellowship to R. E.
